

# SISS IB DP May 2023 Results

---

Congratulations to all our 37 IB students, who successfully finished their two-year IB diploma programme. It was the first year group writing all the IB exams after three years of either not having written any due to the pandemic (2020) or in an amended version (2021 and 2022). Since the students had faced a huge number of challenges during their study time during the Covid pandemic during their last three years of learning, the results have to be seen as a great success for all of them! As can be seen here, worldwide averages also dropped a lot for all the subject outcomes.

Thank you IB teachers, teaching assistants and SISS staff for your support that resulted in these very good results!

So far, this was the largest IB year group we have ever had! 37 students were awarded the IB Diploma of which 15 were awarded the Bilingual Diploma. It is awarded if a student completes two languages selected from group 1 (English and German) with the award of a grade 3 or higher in both.

**The average points obtained by candidates who passed the diploma was a 34.0, which converts to an equivalent German "Abitur-average" of a 2,31.**

**Two students scored a 42 in total points!** A forty-two or better is the equivalent to an "Abiturschnitt of a 1.00".
